Everest Mountain flight Tour

Kathmandu's Everest Scenic Flight is an incredible one-hour flight that gives you a unique opportunity to enjoy the endless mountain ranges of the Himalayas, including the world's rooftop terrace, Mount Everest (8,848 m). It is also known as Everest Mountain Flight or Everest. Admire the incredible mountains from your seat in the window of a sophisticated high-altitude aeroplane and capture them

with your cameras. Not only you see Mount Everest, but you also conquer other highest peaks, glaciers, and calm freshwater lakes in the Khumbu region.

The Everest flight departs from Kathmandu airport. You will first have a look at the Langtang Mountain panorama and slowly enter the Everest region. You see the Gokyo valley, the mighty Gokyo freshwater lake, and some glaciers. The incredible landscapes and settlements of ethnic people are fascinating to understand. You are now floating skyward on the Mount Makalu (8,481 m). You have conquered the Mount Makalu, Nuptse, Pumori, Lhotse and Everest. After seeing a beautiful view over the mountain, you will fly back to Kathmandu airport, creating a circle of Himalayas. This incredible flight would be the best tour package for all lovers of nature and adventure.

Reserve the Everest mountain flight with a guaranteed window seat for the best chance to get up close to Mount Everest. This mountain flight is also a great additional experience for those who have made trekking and climbing excursions in the Himalayas as it offers an entirely different view and knowledge of these fantastic Mountains.

We guarantee that we have visible windows to get the best possible view of the mountains. You can even enter the cabin for a better view during this scenic flight
