Reviews

Wonderful Nepal Tour

We had a wonderful vacation in Nepal with Nepal Tour & Trekking Service P. Ltd. The highlight of our Chitwan trip was undoubtedly the best. The scenery was breathtaking, and our guide made the experience great with their attentiveness, information and responsiveness. Our local guide for Chitwan was knowledgeable, and we learned a lot about the culture, tradition, and different places. The agency team was also beneficial and flexible and even went the extra mile to accommodate our bungee jumping request. This travel agency is cheaper and

more reliable than our country's travel agency, our Nepal hosts. We would recommend this travel agency to anyone who wishes to visit Nepal.

The best jungle safari tour in Nepal

It was my first visit to Nepal. After a long correspondence with Nepal Tour and Trekking Service staff and many other agencies, I selected and booked my trip with this agency. From the time I was picked up at Kathmandu International Airport to the end of the journey and incredibly well cared for. During my trip, I was fortunate to photograph and tour many impressive temples and ancient buildings. My trip also included a trip to the mountain village of Sarangkot to see the sunrise, where I could see the Himalayas with the clouds below in the early morning. When I think of everything I did in Kathmandu, Pokhara, and Chitwan, the photos from this trip are the ones I remember first. My guide and driver were amiable and knowledgeable, and made the trip very enjoyable. If I am lucky enough to return to Nepal, I will not hesitate to use this travel agency again and again. I would recommend it to everyone.

Highly recommended trip in Nepal for jungle lovers

I am very thankful for the excellent organization of our journey. We were not very lucky with the weather, but we enjoyed our stay in Nepal. I would especially like to thank our guide, Shiva, for his kindness during the trip. Our tour guide shares all the information and knowledge with us during sightseeing tours of Kathmandu and the villages around the valley. We would also like to thank you to our porter who carried our backpack during the trek and our driver who made us feel very safe during our Nepal travels. We hope to return one day and hopefully have the opportunity to visit other beautiful places.
