It offers a breathtaking view of the beauty of the Trans-Himalayas in the Jomsom district. Muktinath temple is a pagoda-shaped temple surrounded by 108 water shoots and two sacred ponds. Although religious faith is the main reason pilgrims visit Muktinath temple, it is also known for its diverse geographical features and excellent settlement, which offers breathtaking views of the Himalayas.

A bath in the icy sacred pond of Muktinath is said to erase and release all sins. It is believed that looking at Muktinath brings happiness to life and salvation to the soul to break the cycle of birth and rebirth. Many people attend Nepalese festivals, such as Janai Purnima, on certain days and Tithi to pay homage to Lord Muktinath. However, devotees visit the Muktinath temple and worship there throughout the year. The main attraction of the Muktinath trip is the Muktinath temple. At Mustang, where the Muktinath temple is located, lies the Kaligandaki River. The Amniote fossils, Shaligrams, found in the river are said to be the incarnation of Lord Vishnu.

About 100 m south of the Muktinath temple, the Jwaladevi temple is another attraction that appeals to both Hindus and Buddhists. The goddess of the eternal flame, representing the primordial source of life, is another attraction at Muktinath. Several gompas in the area provide an insight into the Buddhist way of life and culture.

Pokhara has several adventure activities such as paragliding, zip-lining, boat rides, hot air ballooning, trekking, mountain biking, etc. If you wish, you can do them in addition to a pilgrimage tour.

### **The best religious trip to Muktinath**

Thank you for organizing our wonderful trip to Muktinath and Pokhara in March 2018. We are both almost 60 years old, but your arrangements were perfect, and we had enjoyed our trip so much that we want to come back to Nepal and ask you to organize another vacation for us again

### **Wonderful trip to Muktinath**

My wife and I visited this Muktinath temple in September 2018. The drive-by off-road vehicle was over bumpy roads, but the views more than made up for it. The villages along the route are picturesque. The temple itself was magnificent, and I found it a deeply spiritual experience to shower under the 108 spouts of icy water and enjoy the sunshine and vibrations of the temple.

### **Helicopter excursion to Muktinath**

The helicopter tour to Muktinath was a great adventure. I was very interested in Tibetan culture and the Muktinath temple. Muktinath is located in the Mustang region, far from Kathmandu, and I don't have enough time for trekking, so I opted to do this helicopter tour. It was a short experience, about 3 hours from Kathmandu.

During the helicopter flight, I was able to see several incredible Himalayan mountain ranges, such as Annapurna, Fishtail, Nilgiri, and many other snow-capped peaks. When I entered the Muktinath temple, I had a different spiritual feeling and learned that the temple is feared by both Hindus and Buddhists. It was a memorable helicopter trip to Muktinath. All the arrangements from arrival to departure of our trip were appreciated. I would like to thank all the members of the Nepal Tour & Trekking Service P. Ltd. for making our trip memorable. Once

you visit Nepal, you will know that the cost is worth it. Therefore, I can only recommend this company to Mr Kishor.

### **Highly recommended visit**

If you want to visit Muktinath temple with a travel agency, just go to the Kishor at Nepal Tour & Trekking Service P. Ltd.

My mother and I booked for six days from Kathmandu to Muktinath and back. From the beginning of our trip to the end, Kishor ensured we had not stuck anywhere.

He managed very well. The driver of the private car was very modest. My mother was delighted with the agency. All the best for your business.

### **Excursion to Jomsom Muktinath**

We had an eight-day Jomsom Muktinath tour. Mr Kishor and his team were great and admirable. We always felt safe and protected during the trip by Kishor. They gave us plenty of time to explore this beautiful sacred place. Kishor explained many things about nature and culture and other interesting topics about Nepal that we enjoyed. We can recommend this man and the company to other people. Thank you very much for providing a great experience.

### **Highly recommended travel agency**

Thank you so much for the incredible adventure. The Muktinath excursion was fascinating. We appreciated the guide, who gave us an exciting insight into Nepali culture. We always felt safe during the tour, and whenever we had a question, the guide was there for us. His communication skills were excellent, and communicating with him was a pleasure. We will always have unforgettable memories of you and Nepal.

### **Unforgettable religious trip to Muktinath temple**

Twenty-four people from Karnataka visited Muktinath, a sacred Vishnu temple, with a guide. The oxygen level is low in Muktinath. Therefore, the company made an excellent itinerary for the overnight stay in Jomsom and an early trip to

Muktinath for worship. I found the best company who gave me good advice for the trek and altitude. It was a fantastic trip.
